*Submitted to His Highness.*

The Senior Surgeon has forwarded an application from Dr. H.B. Mylvaganam F.R.C.S. (Eng.), Surgeon, General Hospital, Colombo, for a post in the Mysore Medical service, and has recommended that he may be appointed on a suitable salary in the grade of specialists.

From Dr. Mylvaganam's application it would appear that he holds the diploma of F.R.C.S. (Eng.) which is, I believe, regarded as one of the highest surgical qualifications in Europe, and that he has besides specialised in diseases of the ear, throat and nose, midwifery and diseases of women, eye diseases and diseases of the genito-urinary system and the rectum by undergoing long courses, both theoretical and practical, in London, Germany and Austria under the leading specialists. He is at present one of the chief operating Surgeons to the General Hospital, Colombo, and is also in charge of the Grenier Memorial Hospital for diseases of the Ear, Throat and Nose in Colombo, besides being a lecturer in Materia Medica and Therapeutics and in Medicine for the L.M.S. class in the Ceylon Medical College.

The Senior Surgeon considers that Dr. Mylvaganam is a well qualified medical man and that it would be a good thing to have one such specialist in our service.

To prevent dissatisfaction among the members of the Medical Department he recommends that Dr. Mylvaganam may be appointed to the grade of specialists.

Dr. Mylvaganam saw me when he was in Bangalore. He is, I believe, a high caste Tamil Hindu. His qualifications appear to be of a very high order and if we can secure him, it would be an acquisition to our Medical service, in which we have so few good Surgeons. Some of Dr. Mylvaganam's pamphlets which I have seen are submitted herewith.

The Second Councillor considers that the applicant will be an acquisition to the Mysore Medical Service. The First Councillor is also agreeable to Dr. Mylvaganam being enlisted in the Mysore service and suggests his being employed on general surgical work.

If His Highness approves, I shall ask the Senior Surgeon to enquire whether the applicant would be agreeable to accept an appointment in the grade of specialists (Rs.400-25-600). If he is engaged he may be posted to the Victoria Hospital as an additional Surgeon and given some wards, and may also take up Ear, Throat and Nose cases, in which he has specialised. We have none in the service who can take Dr. Armugam's place if anything happens to him and I think the State should take advantage of Dr. Mylvaganam's offer to enter the Mysore State Service. The climate of Mysore seems to have suggested to him the idea of taking service in Mysore.

Draft order and a draft notification for publication in the gazette are laid for approval. The charge on account of the pay of Dr. Nylvaganum ie about Rs 1600 for the current year has to be provided for. The Offg Senior Surgeon has in more than one Communication to Govt expressed his inability to provide funds for certain inevitable Charges by reappn of budget grants for the current year. He has recently submitted also an application for an additional budget grant of Rs 5000/ to meet the expenditure under travelling allowance of Med officers and Subordinates. In these circumstances, the Sum of Rs 1600/ required to meet the pay of the Specialist has also to be met by an additional grant, which is a matter for Council and Branch II has also to be consulted on the point.

The Finance Branch is unable to point to any source from which the charge may be met. The amount required is small and the Senior Surgeon ought under the budget rules to provide for it out of his budget. If he finds it impossible to do so he may bring up the matter for consideration early in April next when we shall be in a position to judge of the progress of expenditure in the Medical & other Depts and to the reports of Surrenders recd by then the question of fresh provision may be settled.

He has resigned his appointment in Ceylon & come here & reported himself for duty. I think it is not desirable in the case of such a high class Surgeon as he has been stated elsewhere & has had more than 10 years practice as Surgeon in a public hospital to appoint him on probation. It will be taken as an insult & moreover His Highness' Order does not contemplate his being appointed on probation.

The order may stand unless the Hon'ble Councillor finds that this is a question of difference in opinion between Sir Pratapsingh & His Highness.

SIR,

I have the honor to forward herewith an applica-
-tion from Dr. Mylvaganam of Ceylon, praying for an appoint
-ment in the Mysore Medical Service, he is at present in
the employ of the Colonial Government at Colombo.

* with other endorsements

He has applied for an appointment as a Specialist in Throat and Ear Diseases, and has undergone special train
-ing in such in Europe. It would be a great thing to have one such Specialist here in our service in the same way as others at present in special lines, e.g., Ophthagiology,--Bacteriology etc., He could be given an appointment in the Specialists' grade on a suitable salary without disturb
-ing the regular line of promotion in the Medical Depart-
-ment, and it would be only on that ground that I am able to recommend his appointment, as quite apart from his age which is over 35, he could not be given an appointment -- suitable to his age and attainments in the regular line of the Medical Department without causing grave dissatisfac-
-tion amongst the members of it, but this would entirely be obviated if he were made a Specialist as proposed and placed in such grade. I would, in recommending his application for such an appointment ask Government what salary they --

would

would be prepared to give him at starting and also what prospects of promotion would be held out to him thereafter He is a well qualified medical man and would I feel sure be an acquisition to our local Medical Service if appoint--ed. Provision would have to be made for him outside our Budget Grant as at present of course there exists no such in the current years allotment.

Before corresponding further with the applicant I should be glad to know if the Government favourably en--tertain the matter of his enlistment on the lines I have indicated, as otherwise it is of no use corresponding with him further on the subject.

I have the honor to be,

To

The Senior Surgeon and Sany Comr
with the Govt of Mysore.

Sir,

I came over here on a holiday and finding that the climate of Bangalore is very agreeable I thought I might make this application for a post in the Mysore Medical Service.

With reference to myself I may mention that I hold the diploma of F.R.C.S.,(England) to obtain which it cost me a large sum (Rs.30,000) and seven years' hard work. Besides I have also specialised myself in diseases of the ear, throat and nose, midwifery and diseases of women, eye diseases, diseases of the geni-to-urinary system and rectum by undergoing long courses both theoretical and practical in London, Germany, and Austria under the leading specialists.

Before going to Europe I had put in 6½ years service in Ceylon Medical Department and since my return in 1905 I have been made one of the Chief operating Surgeons to the General Hospital, Colombo with 150 beds under my direct charge out of a total number of 600 beds in the Hospital.

In addition I am also in charge of the Grenier Memorial Hospital for diseases of the Ear, Throat and Nose in Colombo. In the Ceylon Medical College I have held the lecturership in Anatomy and Embryology and am now the lecturer in Materia Medica & Therapeutics and in Medicine for the L.M.S. class. A list of the Hospitals I have been working in in Europe appended.

As there is no specialist for Ear, Throat and Nose I trust that you will favorably consider my application.

Any reference as to the correctness of my statement may

be

be made to Sir Allen Perry A.M.S.,M.D.,D.P.H., Principal, Civil Medical Officer of Ceylon, Colombo.

I beg to remain,

My dear Sir,

Dr. H. B. Mylvaganam tells me that he has applied for a post in the medical service of the Maharaja of Mysore. It gives me much pleasure to state that Dr. Mylvaganam is one of the surgeons of the General Hospital of Colombo, and the surgeon in charge of the Ear throat and nose department of the Victoria Hospital of Colombo.

He holds the Diploma of F. R. C. S of England, which is

considered one of the highest surgical qualifications in the world; and the enclosed copies of certificates granted by his Teachers in London and Vienna show his special aptitudes.

I shall be glad indeed to hear that the ambition of so distinguished a Countryman has met with the success it deserves.
